### Title IV Financial Aid Recipients:

In accordance with the 1998 Reauthorization of the Higher Education Act of 1965, the refund policy for Title IV aid recipients has been changed to the "Return of Title IV Funds" policy. The law now defines the amount of Title IV grants and loans that the students has earned the right to use. The amount a student has earned is directly related to the length of time he or she has remained enrolled during the semester. The law requires a certain percentage of Title IV funds be returned when a student resigns before completing more than 60% of the semester for which he or she received the funds. Students receiving Title IV aid who stop attending all classes and receive all F's will be treated as unofficial resignations and may be required to pay back all or part of the aid received for that semester. **Specific information and examples regarding the Return of Title IV Funds policy are available in the Office of Student Financial Aid.**

\* Written commitments by the Office of Financial Aid on Pell Grants, SEOG, church scholarships, committee grants, etc. constitute financial aid. All financial aid commitments must be finalized within 30 days of registration or the student will be withdrawn from all classes.
